Assessments/ qualifications/ examinations

COMPETENCY-BASED TRAINING AND ASSESSMENT

Competency-based training is a flexible form of vocational education and training that aims to produce a workforce with the skills and knowledge required by industry. Assessment in this course of study will follow a competency-based format - competency being achieved when Participants can appropriately perform and apply a combination of skills and knowledge to the standard required in a range of situations in the workplace.

ASSESSMENT STRATEGIES

Assessors will provide regular feedback during the development stages of competency to ensure that the learners have as many opportunities as possible to successfully achieve competency when assessed. A broad range of assessment instruments have been devised to ensure appropriate assessment occurs and a series of result codes can be awarded. These instruments may include:

- response to scenarios
- role plays
- direct observation of performance, products, practical tasks, community-based projects, and simulation activities

- work based group projects
- assessment on the job or in a simulated workplace
- third party verification
- learner work booklets
- oral questioning
- portfolios

EXAMINATIONS AND ASSESSMENTS

When participants enrol in a course of study, they are nominated for examinations and assessments. If through illness or for personal reasons Participants are unable to attend exams or assessments, they must notify the TCA trainer immediately so that alternative arrangements may be made.

RETENTION OF RESULT OF ASSESSMENT

TCA strongly recommends that Participants retain their "Result of Assessment". It may be a necessary and valuable reference to use when seeking employment.

ASSESSMENT REVIEW

If participants wish to have their assessment reviewed, they will need to contact TCA administration to make appropriate arrangements.

APPLICATION FOR AN AWARD

If participants have satisfied all requirements for a course, they will be eligible for the course award.

Assessment coding

The grading for each assessment tool will be:

S = Satisfactory

NS = Not satisfactory

If you receive an NS, you may be asked to re-submit or undertake a supplementary assessment

The grading for each unit will be:

C = Competent

NYC = Not yet competent

A competent grading is received if all assessments submitted for the unit are assessed as satisfactory

An NYC grading is received if you receive an NS grading on a submitted assessment and you do not resubmit and undertake no further assessment for the unit.

Delivery modes

Delivery is flexible and responsive to the following learner needs:

Learners who consider that they already possess the competencies obtained through previous formal or informal training, work experience and/or life experience will be provided with the opportunity for RPL on substantiation of the competency.

Accelerated progression

Learners who have already acquired some of the competencies required to complete a unit may negotiate an accelerated learning path with the trainer.

Credit transfer/ mutual recognition/ exemptions
